

Cabernet Sauvignon

2018

Origin: Wine of origin Stellenbosch, wards: Jonkershoek, Firgrove, Raithby,

Simonsberg, Helderberg.

Wards:

Blend: 100% Cabernet Sauvignon

Maturation: 24 months in French oak barrels. 30 % new oak.

Viticulture: The fruit for this wine is sourced from selected vineyards sites within

> Stellenbosch. The conscientiously considered mixture of cool gravelly slopes facing False Bay and rich red granitic soils around Stellenbosch ensure a

beautiful balance of aromas and flavours in the final wine.

Winemaking: Once harvested, the grapes are bunch sorted and pumped into open-top

> fermenters. Here, Christo and the winemaking team vinify each vineyard block separately, allowing the characteristics and flavours of each block to develop. After a year of ageing, the final blend is made, and the wine spends a further year in oak before release. The result is a Cabernet Sauvignon that brims with complexity thanks to the blended fruit from diverse terroir. It can be enjoyed

young or will benefit beautifully from cellaring.

Tasting Notes: Aromas of cherries, plumbs and cassis are well integrated with undertones of

> wild herbs and lead pencil shavings. Granular tannins create grip and freshness on the structured palate and follow through to a ong lingering finish with juicy

soft fruit. A classic Stellenbosch Cabernet.
